

**IDAL**

INVEST IN LEBANON

**DIRECTORY OF  
ICT COMPANIES  
IN LEBANON**

2016

## BACKGROUND

Lebanon's ICT directory is your first step into the Lebanese market, whether you wish to form linkages with Lebanese companies, outsource part of your activities, export your products or explore investment opportunities within the growing Lebanese information and communication technology (ICT) industry. This directory aims at providing businesses and consumers with information on Lebanese companies engaged in information and communication activities. The database of Lebanese companies included will easily help you find business partners and suppliers by sector activity, key products, and locations.

Firms included are engaged in the development of software, mobile and specialized applications, web solutions, software outsourcing, e-services, as well as provision of systems solutions and integration. The basic scope of information covers contact information, product description and current export markets.

We wish you develop successful business relationships!
